

## SAVE TIME & SAVE MONEY

Site Development Group is a privately owned commodity trading company with various divisions to serve all your needs.

### SDG METALS AND MINERALS

SDG has decades of experience when it comes to trading Metals & Minerals. SDG Metals and Minerals division trades in both Ferrous and Non Ferrous materials with trading positions in Asia, Europe, South and North America.

### SDG ENERGY

SDG Energy has a strong trading history in national and international energy commodities. We import and export our energy products domestically and internationally with products ranging from High Performance Fuels, Distillates, By-Products to Bitumen. Bulk in Truckloads, Rail Cars and Vessels. ISO Tank Containers are our specialty.

### SDG WELL SERVICES

SDG Well Services is your single source supplier for all Frac Sites and Drilling needs. We have a wide variety of complete site kits available all inclusive services for your convenience from fuel to sand.

## NORDE® Technology

SDG has the exclusive distribution right for all NORDE® products. NORDE® Technology is highly versatile chemistry for the modern age where demands and applications become tighter and tougher every year. Focused into two vital, but different, functions and when combined will create dramatic results.
